Catalogo | Catalogue 58

L'intera gamma di sanitari in **acciaio inox** viene incontro alle più specifiche esigenze di installazione dell'ambiente bagno e non solo. Negli ambienti professionali o pubblici (ambienti ospedalieri o aziende di produzione o trattamento alimentare ad esempio), laddove è richiesto il massimo della resistenza (anche contro possibili atti vandalici) ma anche il massimo della praticità; negli ambienti considerati a rischio (carceri, istituti protetti ecc.) o ad alto traffico (stazioni ferroviarie, aeroporti, stazioni delle metropolitane ecc.); ovunque ci sia bisogno di coniugare praticità, resistenza e facilità di pulizia potrete trovare un nostro sanitario in acciaio inossidabile.

Prodotti in acciaio inox AISI 304, completamente satinati, disponibili in varie forme e misure. Il nostro Ufficio Tecnico sarà a vostra disposizione per consigliarvi e fornirvi maggiori dettagli sulle particolari specifiche e sulle soluzioni di montaggio e di allestimento che più si adattano alle vostre esigenze.

The complete range of **stainless steel sanitaryware** meets the specific requirements of bathroom installation and not only. In professional or public environments (hospitals or businesses producing or processing food for example), where it is required maximum resistance (even against possible vandalism); but also the best efficacy, in those areas considered at risk (prisons, mental hospitals etc.) or with hightraffic (railway stations, airports, metro stations etc.); wherever there is need to combine practicality, durability and cleaning easiness, you will find our stainless steel sanitaryware.

Produced in AISI 304 stainless steel, completely satin-finished, they are available in various shapes and sizes. Our Technical Department will be pleased to advise you and supply you more details on specific particulars and installation solutions for the best suited to your needs setting up.
