

Product code	RUTPI404GMTC	Product Family	RUBINETTERIA	Collection	Metro tap
--------------	--------------	----------------	--------------	------------	-----------

Description Timed mixer tap For shower. Built-in. With thermostatic mixer. Adjustable time 0-55 sec.

Certifications TUV UNI EN ISO 9001 system certification. 

Features Built-in chromed brass self-closing tap with thermostatic mixer for shower. 1/2" inlet connection; brass and plastic cartridge, replaceable. Robust, reliable over time, vandal-proof, simple to install, it allows you to save over 40% of water compared to traditional taps. Adjustable time from 0 to 55 seconds. Regulation of the dispensing time via a small dowel on the head of the button. By setting the time to 0 (screw completely screwed in) the tap remains blocked, a useful function for example for periods of non-use. Allen key for adjustment supplied. The thermostatic mixer allows optimal regulation of the water temperature, reducing consumption and the risk of scalding; anti-scald lock button at 38°C. With non-return valves and inspectable filters.

Finishes Chrome-plated

Materials Brass.

Dimensioni 230 x 170 x 155

Installation Fix to the wall. Connect the water inlets. Check the tightness of the connections. Safety information: The device must be mounted by a competent and qualified professional installer. The manufacturer is not responsible for the installation of the product. Keep the product properly clean.

Maintenance Clean the thermostatic cartridge regularly: remove it from the body and immerse it in vinegar for a few hours. Do not use products other than vinegar. After cleaning, grease the O-rings with NBR grease if necessary. If the dispensing time becomes too long, unscrew the timed cartridge and clean the line inside the plastic cup using a sewing needle. Carry out adequate cleaning with soap and water, do not use aggressive, abrasive, corrosive products, alcohol, acids, acetone, thinner, etc. Don't scratch. Do not use the product for purposes other than those intended. Disinfect periodically.

Packaging	Packaging: in cardboard box Dimensions: 228 x 167 x 146 (mm) Packaging volume:0,005559096 m^3 Weight: 2,3 (kg)
Weight	2,3 kg
